

Barwon Heads Primary School

Parent Payments for 2019

The cost of items such as classroom computers, computer software, physical education equipment, library books and curriculum materials are not part of the "Student Charges". These costs are met from a combination of locally raised funds (fundraising) and the government funds allocated to the school.

We rely heavily on our fundraising to meet the costs of resources/facilities improvements – so please be sure to support our Fun Run at Easter and our Christmas Fair in 2019. Our primary aim is to continue to enhance and extend the quality programs our community expect at Barwon Heads Primary school.

Student Charges form an important part of our school's financial operation and do much to help enhance the amount of money we receive from the government via grants and local fund raising activities for the cost of running all the required teaching and learning programs.

Barwon Heads Primary School has a comprehensive charge that covers all stationery, requisites, events, excursions and activities these are carefully planned and tightly budgeted with the funds expended on experiences for the students. Physical Education activities, team sports and camps will be stand-alone items and user pays.

Payment plans are available for school camps but should be made early in the year as part of the Payment Agreement.

Charge Item							
	Prep	Grade 1	Grade 2	Grade 3	Grade 4	Grade 5	Grade 6
Stationery and Requisites	\$ 76.00	\$ 81.00	\$ 81.00	\$ 83.00	\$ 83.00	\$ 65.00	\$ 65.00

Total 2018	\$286.00	\$286.00	\$286.00	\$269.00	\$269.00	\$271.00	\$316.00

Explanation of Charges:

- **The Stationery and Requisites shared materials and numeracy** component covers the cost of all books, stationery and materials supplied to your child throughout the year. In addition to the stationery given to children and the start of the year, there are also Shared Materials that we purchase in bulk for use by children in their classrooms. This includes the variety of art and craft type materials children use - a wide range of coloured papers, cardboard, glues, paint, marking pens and other construction materials used for classroom lessons and project presentation. Ear bud headphones are supplied for years 3 - 6. Another aspect of the Shared Materials is the use of shared texts, worksheets, and computer print outs Online literacy, Mathletics. Essential items.
- **Health covers Life Education and Health and Human Relations in Grade 6**
- **The Major Excursions/Incurtion** component covers the cost of all major excursions and incursions throughout the year. *optional extra. (This does **not** cover camp.)
- **LOTE** covers language studies. * optional extra.
- **The Special Activities and Events, STEM** component covers various Special Day Events, Debating, End of Year Christmas Parties/Activities and Grade 6 Graduation. * optional extra.
- **The ICT BYOD iPad Initiative Grade 4 & 5** – Our 1:1 Bring Your Own Device initiative requires students to bring their own iPad to school from grade 4. Parents will be asked to purchase apps from time to time throughout the school year and upload them onto the iPad. These educational apps will support teaching and learning in the classroom. *A detailed list of the student charges is available at the school office. If you would like more information please do not hesitate to ask.*
